Navien high-efficiency condensing boilers and combi-boilers... the ultimate home comfort solutions
Navien... a world leader in compact high-efficiency boiler technology brings the future of heating comfort to your home

Today Navien is the market innovator in condensing boilers, combi-boilers and water heaters. As a global leading boiler maker, Navien proudly delivers leadership, dependability, design, green technology, social responsibility and customer service to over 30 countries worldwide. This assures world-class quality and comfort in every home and business.

Navien also gives you four great choices

**NFB series boilers**
The most advanced condensing fire tube boilers in the industry

**NHB series boilers**
The best value in space-saving condensing boilers

**NFC series combi-boilers**
The advanced condensing combi-boiler that can do it all for large homes

**NCB-E series combi-boilers**
The compact condensing combi-boiler for whole house heating and DHW
Always a step ahead

NCB-E Series
Condensing combi-boilers

NFC Series
Condensing fire tube combi-boilers

NHB Series
Condensing heating boilers
NFB series
premium
high-efficiency condensing
heating boilers

Totally reinvented fire tube boiler technology for better home comfort & reliability

• Space saving design — up to 80% smaller than traditional floor standing boilers
• Energy efficiency 95.0% — earning the Energy Star Most Efficient 2019 rating
• Patented stainless steel fire tube heat exchanger — resists corrosion for longer life
• Built-in hardware connects a boiler system pump, 3 zone pumps or 3 zone valves
• Natural or LP gas (field convertible)
• Optional NaviClean magnetic filter for boiler and entire system protection
• Optional NaviLink Wi-Fi remote control
NHB series
compac
t high-efficiency condensing
heating boilers

Smarter boilers for today’s customers and lifestyles

- Compact space saving design
- Energy efficiency 95.0% — earning the Energy Star Most Efficient 2019 rating
- Two stainless steel heat exchangers — resist corrosion providing longer life
- Total control — freeze protection, all boiler set up, operations and troubleshooting available at your fingertips
- Natural or LP gas (field convertible)
- Optional NaviClean magnetic filter for boiler and entire system protection
- Optional NaviLink Wi-Fi remote control
NFC series advanced
high-efficiency condensing heating & DHW combi-boilers

More features, benefits, space heating and DHW performance, all in 1 unit

• Compact, wall hung design
• Space heating up to 199k BTU/H and DHW up to 199k BTU/H
• Energy efficiency 95.0% — earning the Energy Star Most Efficient 2019 rating
• Patented stainless steel fire tube heat exchanger — resists corrosion for longer life
• Advanced built-in DHW module creates endless hot water up to 3 showers and a dishwasher, all at the same time
• Natural or LP gas (field convertible)
• NaviClean magnetic filter for boiler and entire system protection included
• Optional NaviLink WiFi remote control
NCB-E series
standard
high-efficiency condensing heating & DHW combi-boilers

Space heating and domestic hot water strong enough for larger homes

• Compact space saving design
• Space heating up to 120k BTU/H and DHW up to 199k BTU/H
• Energy efficiency 95.0% — earning the Energy Star Most Efficient 2019 rating
• Three stainless steel heat exchangers, two for space heating and one specifically for domestic hot water (DHW)
• Advanced boiler control has domestic hot water priority, outdoor temperature reset for operational savings and freeze protection.
• Natural or LP gas (field convertible)
• Optional NaviClean magnetic filter for boiler and entire system protection
• Optional NaviLink Wi-Fi remote control

& DHW comfort...all in one
Navien is a global leader in home comfort innovations

Navien condensing stainless steel heat exchangers recover extra heat that would be lost in non-condensing boilers. The result is reduction in energy consumption, lower CO₂ emissions and very low exhaust temperatures allowing the use of less expensive venting materials such as Schedule 40 PVC.
