Endless hot water, innovation and quality in non-condensing tankless with the NaviTech™ patented stainless steel technology

Navien is the first and only non-condensing tankless water heater manufacturer that offers a durable stainless-steel heat exchanger and a patented stainless steel burner design, all with Navien's dedication to advanced engineering, elegant design and exceptional product quality, support and strong warranties.

Exclusive NaviTech™ stainless steel heat exchanger.

The corrosion resistant heat exchanger is another advancement created from Navien's industry leading gas tankless water heating technology.

Patented NaviTech™ stainless steel burner

with precision control flame technology for eco-friendly low NO_x emissions comparable to condensing water heaters.

An inside look at the NHW-S

Featuring added durability, functionality & safety

Vent Installation Detector (VID).

Choice of universal indoor/outdoor or outdoor only operation.

For residential/commercial use and cascade capable.

NaviVent™ concentric 3" x 5" venting.

Units available in either Natural Gas (NG) or Liquid Propane (LP) gas.

Built-in Air Pressure Sensor (APS) monitors vent system for blockage, helps maintain proper air/gas ratio and ensures consistent DHW output during changing conditions.

Built-in Water Adjustment Valve (WAV) and mixing valve controls flow to maintain setpoint and stabilizes temperature during flow changes.

NHW Series integrated control panel allows you to adjust water temperature, view operation status and troubleshoot.

Circuitry with built-in recirculation control and software. No need to add separate controller saving installation time and money.

More innovative features and benefits:

Navien is the only non-condensing tankless water heater manufacturer to design and produce stainless steel heat exchangers and high efficiency NaviTech™ burners. Instead of assembling parts from various suppliers, we engineer and produce the majority of the components in our NHW series units and use advanced robotics to assure manufacturing integrity.

- Approved for mobile/manufactured homes. Navien NHW Series is the perfect domestic hot water system for eco-friendly tiny houses to larger high-tech homes
- Pin-to-pin design, aligns with configurations of other tankless models for easy retrofit installations
- Available in 3 interior and 3 exterior models (160,000, 180,000 & 199,900 BTU/h)
- Available in Natural Gas (NG) or Liquid Propane (LP) models
- Optional NaviLink® and NaviLink Lite™ Wi-Fi remote control make it easy to adjust water temperatures, review operation status and troubleshoot from anywhere Internet service is available
- Vent Installation Detector (VID) for added safety

Options to install outside or inside

Endless hot water

NaviLink® optional WiFi remote control

Low NO_x emissions

Up to 80% smaller than traditional tanks

Space saving and lightweight design

Cascading capability

Customer support and advanced training makes Navien your best choice for tankless

Besides supplying innovative and energy efficient systems for residential and commercial applications, Navien provides extensive field support, webinars and training events for builders, architects and contractors. Our full-time customer support network provides quick answers to installation and operational questions.

Specifications

Item	NHW700 – Universal Model			NHW700 – Exterior Model

Warranty

	Application	Labor	Parts	Heat Exchanger
Residential	Standard	1 year	5 years	15 years
	Uncontrolled recirculation ²	1 year	3 years	5 years
Commercial or Combi ¹	Standard	1 year	5 years	5 years
	Uncontrolled recirculation ²	1 year	3 years	3 years

¹ Combi refers to a combination potable water and space heating application. Water heaters cannot be used in space heating only applications.

² Uncontrolled-recirculation: External pumps configured to circulate continuously through the water heater are subject to the uncontrolled recirculation warranty terms.

An aquastat is the minimum pump control requirement for DHW or storage tank recirculation in order to maintain the full controlled recirculation warranty.

Navien's warranty (which may be changed without prior notice) is subject to the terms and conditions found at www.Navieninc.com.

Accessories and components are subject to change or discontinuation without notice. Images are for illustrative purposes only and actual products may vary based on current vendor availability. Navien reserves the right to substitute equivalent accessories or components from alternative vendors as necessary.
